Mr. Walter E. Lenk, K1YTY
22 Priscilla Circle
Wellesley Hills, Massachusetts 02181

Dear Walter:

I am glad you wrote of the problem caused among your club members by the misinformation concerning affiliation. The Wellesley Amateur Radio Society is indeed on our records and in good order. I have made several inquiries among staff members who from time to time host visiting groups, but none recalls any such discussion about your club.

It would be very helpful to me if you could furnish me with specific dates (and time if possible) of the visit in question, and the name (or physical description) of the person or persons here who provided the misinformation. This is purely for the purpose of correcting any misunderstanding which may exist here, and so that it will not happen again in the case of some other club. Thanks in advance.

Your last paragraph mystifies me a bit when you speak of other "national" ham radio organizations, since it is news to me. Can you be specific?

Perhaps your entire club would like to visit ARRL Hq. on a weekend. If so, just let me know in advance and we'll be glad to open the place for inspection.

Sincerely yours,

W1LVQ
General Manager
